

# Choose-to-Bring Referral Program

Employees who "refer" or bring another employee to a 2009 WellFair for the first time will receive a \$100 referral incentive, as will the first-time health fair participant. To be eligible for the cash incentive, the first-time WellFair participant must complete this referral card.

I certify this is the first time I have ever attended an E.ON U.S. on-site health fair.
